Hubert – A Strategic Resource

the five elements of VISUAL
MERCHANDISING
landscaping texture color décor communication

Hubert Private Label

- Innovative options
- Competitively priced
- Unique to Hubert

Cold Serving Solutions

Expressly Hubert Curvieware Collection

- Dishwasher Safe
- Melamine Pans and Tiles are for cold use only
- Curvieware Tiles in Stainless Steel can be used with Vollrath Contemporary Miramar Pans for use in Hot applications
- Tiles fit in NSF 7 cases- same size and configurations as Vollrath Contemporary Miramar tiles
- Popular in salad bars, yogurt bars and oatmeal stations

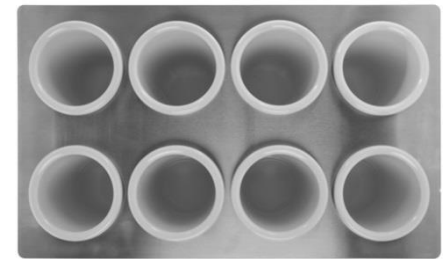

Expressly Hubert Curvieware Collection

*Shown with EH
Stainless Steel Tiles*

*Tile Colors: Reclaimed Wood, Bamboo, Driftwood,
White, Marble, Concrete, Black*

- Pans are available in Full, Half, Third, Sixth and Bain Marie Sizes in four colors
- Perforated Bain Maries are great for holding salad dressing bottles- perforations allow for maximum air flow and help keep product at the correct temperature
- Tiles are available in Solid tiles or Cut Out Templates to hold Full, Half, Third Sixth and Bain Marie pans
 - Available in 18/10 Stainless Steel or 100% melamine with a variety of finishes

EH Straight Sided Melamine Pans

- 100% dishwasher safe melamine
- Seamless presentation- focus stays on the food, not the pan
- Straight sides allow pans to sit flush against each other and maximize space
- Rounded inside corners are easy to clean
- Upgraded design in March 2018 will feature tapered base, allowing pans to stack for easy storage (available in 3" depth only)
- Use with perforated elevator for use in cold wells or with risers for merchandising grab n go or POP items
- Polycarbonate flip top lids available
- Popular in salad bars, yogurt bars and oatmeal stations

EH Straight Sided Melamine Pans and Accessories

Mango Wood Risers provide elevation, merchandising grab 'n go items in open air cases

Modular Metal Risers provide elevation, perfect for landscaping buffet tables at catered events

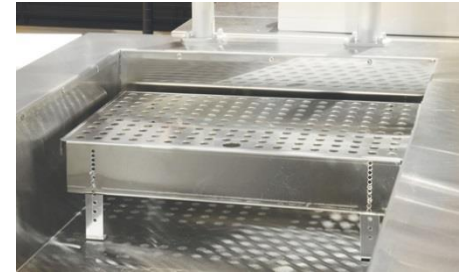

Use with perforated double well elevator for salad bars, yogurt bars and other cold food lines

Pans can be used in a variety of ways with different options for elevation

EH Perforated Elevators

Adjustable Elevator Shown with EH Straight Sided Pans and EH Display Cans

Legs adjust from 3"-6" high

Adjustable Elevators

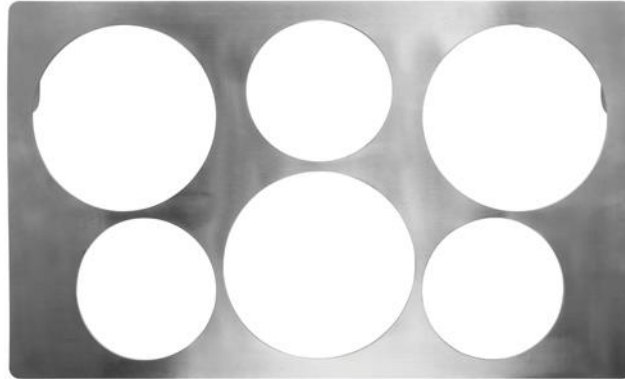

Drop-In Elevators

Elevators drop directly into food wells

- Elevators allow for use of display bowls and vessels other than standard food pans and tile systems
- Perforations allow air to flow through the elevator, helping to maintain proper food temperature
- Both risers come in single or double well configurations
- Dishwasher safe and safe for hot wells
- Fits NSF7 wells
- Can be used in hot wells

EH Collar for Display Cans

*Use with elevator to
hold cans in wells*

- Holds EH Double Walled Display Cans
- Fits in a single well
- Great for condiments, salad dressings and toppings
- Made out of 18/10 stainless steel
- Can be used in hot wells
- Dishwasher safe

EH Stainless Steel Food Pans with Rim

Salad Bar at Whole Foods- inspiration

Available in Half
Long or Full Size
Pans

- Allows for seamless display of foods
- Food remains the focus
- Pans drop directly into food wells- no tiles, templates or adaptor bars needed
- Pans are made of 18/8 stainless steel
- NSF certified
- Dishwasher safe
- Can also be used in hot food presentations such as pasta stations, taco bars, etc.

Fits NSF7 food wells

EH Divided Stainless Steel Pans with Rim

- Use in:
- ✓ Salad Bars
 - ✓ Olive Bars
 - ✓ Anti-pasta bars
 - ✓ Quinoa stations
 - ✓ Hot food presentations

Pans shown with EH Stainless Steel Utensil Holder

- Built upon success of first version of undivided pans
- Each compartment can maintain its own menu item without contamination
- Eliminates the need for templates and adaptor bars
- NSF certified
- Dishwasher safe
- Fits NSF7 wells

Sixth size compartments

Fourth Size Compartments

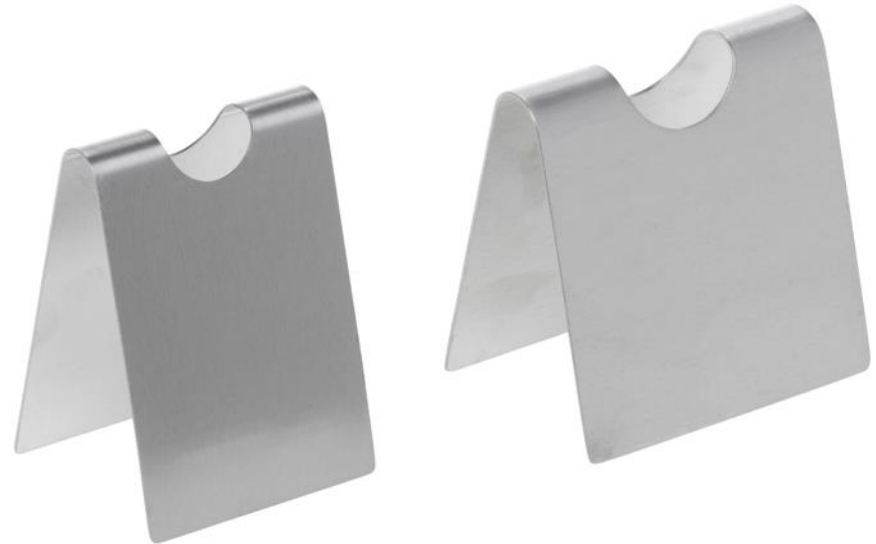

Third Size Compartments

Half Size Compartments

EH Utensil Holders

Why use a Utensil Holder?

- ✓ Utensil Holders can be placed directly into the food presentation, which food safety inspectors prefer
 - ✓ Prevents spoons from ending up in the wrong serving vessel, eliminating cross contamination
 - ✓ Offers a sanitary solution by keeping spoons upright and handles out of the food
- Made out of 18/10 stainless steel
 - Dishwasher safe
 - NSF certified
 - Can be used in hot foods
 - Comes in 3" or 4" high sizes
 - Works with most serving spoons

EH Tapered Stainless Steel Pans

- ✓ Dishwasher Safe
- ✓ Hot Case OK
- ✓ NSF Certified

- Can be used in hot or cold food service lines (use with EH perforated Elevator)
- Available in three depths: 1"D, 3"D or 6" D
- 1" and 3" deep pans can act as dummies for larger pans to help avoid shrinkage and food waste
- 6" Deep pan can be filled with ice, allowing food displayed on shallower pans to help maintain temperature while remaining on buffet lines

Hot Serving Solutions

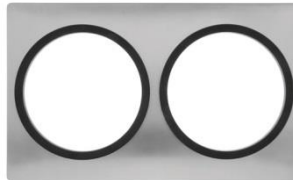

Expressly Hubert Colorscape Collection

- ✓ Hot Case OK
- ✓ NSF Certified
(Plain Stainless Only)

- ✓ Induction Ready
- ✓ Oven Ready
- ✓ Gas & Electric Top OK

- Single Ply pans are 18/8 stainless steel and come with lids
- Three and Five Ply pans are 18/8 stainless steel and aluminum construction
- Pans work great on induction units for demo cooking , catering or buffet stations
- Cut out tiles have silicone gaskets to protect the pans and also to keep steam from escaping
- Three and Five Ply Pans available in Yellow - March 2018
- All Colors will have new and improved coating in 2018

EH Brushed Aluminum Double Well Cover

Aluminum construction makes this piece lighter than stainless steel or cast aluminum versions

*Shown with
Colorscape
Collection*

- Great for pizza stations, Panini stations and hot sandwiches- place food directly on surface, no need for extra pans
- Made from aluminum, a great conductor of heat
- NSF certified
- Brushed finish easily hides hand prints and scratches
- Bottom has “feet” to keep cover from sliding off
- Can be used as a well cover for off-peak hours

EH Epicurean Tiles

- Tiles can go directly into hot wells to display pizza, Panini, grilled cheese and more
- Cut directly on tiles- no need to transfer pizza and sandwiches from cutting boards to display surface
- Stain and odor resistant
- Heat resistant up to 350°F
- NSF certified
- Dishwasher Safe
- More shapes and designs to come

EH Cast Aluminum Griddle Tile

*Place food directly
on the tile*

*Choose from
natural or
black, both
with food safe
coating*

- ✓ Showcase paninis, hamburgers and other grilled items directly on the tile
- ✓ Food safe coating is also dishwasher safe
- ✓ Resembles authentic cast iron but is made from lighter weight cast aluminum
- ✓ Fits directly into a single hot or cold well
- ✓ Full size only but more to come!
